MIKE HORVATH
San Francisco Public Utilities Commission

11:40 Factors Driving Methylmercury Contamination in California Reservoirs
MARK STEPHENSON
Moss Landing Marine Laboratory

12:00 Discussion

12:10 LUNCH

1:10 Mercury Studies in the Sierra Nevada
CHARLES ALPERS
U.S. Geological Survey

1:30 Mercury Contamination and Exposure Reduction in the Sierra Nevada
CARRIE MONAHAN AND IZZY MARTIN
Sierra Fund

1:50 Bioaccumulation of Contaminants of Emerging Concern on the California Coast
DOMINIC GREGORIO
State Water Resources Control Board

2:10 Bioaccumulation of Contaminants of Emerging Concern in San Francisco Bay
MEG SEDLAK
San Francisco Estuary Institute

2:30 Discussion

2:40 BREAK

3:00 Safe Eating Guidelines in California
ROBERT BRODBERG
California Office of Environmental Health Hazard Assessment

3:20 Exposure Reduction in San Francisco Bay
ALYCE UJIHARA
California Department of Public Health

3:40 Exposure Reduction in the Delta
JANIS COOKE
Central Valley Regional Water Quality Control Board

4:00 Discussion

4:10 Closing remarks, next steps

4:20 Adjourn
