

**Bioaccumulation Oversight Group  
 (BOG) Teleconference**  
**Thursday, December 1, 2016**  
**10:00 AM – 12:30 PM (Pacific)**

**Teleconferencing Information**  
 See email sent with agenda

**AGENDA**

<b>1.</b>	<b>Roll Call, Agenda Review, Goals of the Meeting</b>	10:00 Jay Davis
<b>2.</b>	<b>Information: Updates</b> <ul style="list-style-type: none"> <li>○ 2014 Clean Lakes report</li> <li>○ 2015 Bass Lakes data</li> <li>○ 2016 Lakes sampling - Gary</li> <li>○ Contracts and budgets - Jennifer</li> <li>○ SWAMP Newsletter</li> <li>○ SWAMP Symposium</li> <li>○ Mercury Control Program for Reservoirs</li> <li>○ Statewide Mercury Water Quality Objectives - Amanda</li> <li>○ Delta RMP mercury monitoring underway!</li> <li>○ Bay RMP 2014 sport fish report imminent</li> </ul>	10:10 Jay Davis, Group
<b>3.</b>	<b>Information: OEHHA Advisory Update</b> OEHHA released an advisory for coastal locations without site-specific advice on November 9. Plans for future advisory development will be described.	10:30 Susan Klasing
<b>4.</b>	<b>Discussion: Coast Sampling in 2018 - The Southern California Bight</b> The next round of coast sampling will begin in 2018, starting with the Southern California Bight in coordination with the overall Bight '18 effort. With the reduced BOG budget, coordination with the Bight Program will be needed to make this feasible. Preliminary plans for the scope and budget will be presented and discussed. <b>Desired outcome:</b> Agree on preliminary plan for the work to allow planning for coordination with the Bight Program.	10:50 Jay Davis
<b>4.</b>	<b>Discussion: Bass Lake Sampling in 2017 - Panel 2</b> The second round of sampling under the long-term bass lake sampling plan will be conducted in 2017. A refresher on the design will be provided, highlighting details where input is still needed. <b>Desired Outcome:</b> Inform the regions on input that will be needed from them to complete the design.	11:20 Jay Davis
<b>5.</b>	<b>Discussion: Annual Water Quality Status Report - Bioaccumulation</b> In 2017 SWAMP will begin producing an annual water quality status	11:50 Lori Webber Jay Davis

	<p>report for the state. The report will be released concurrent with the SWAMP Symposium next summer. The report will include a section on bioaccumulation that will be written by Jay and reviewed by the BOG.</p> <p><b>Desired outcome:</b> Agree on a plan for preparing the bioaccumulation section of the report.</p>	
<b>6.</b>	<p><b>Information: Timeline for 2017</b> A timeline for meetings and deliverables will be presented.</p> <p><b>Desired outcomes:</b> The group is informed and provides input on plans for the coming year.</p>	<p>12:10 Jay Davis</p>
<b>7.</b>	<p><b>Wrap-up and Adjourn</b></p>	<p>12:20 Jay Davis</p>
