NOTICE OF PUBLIC MEETING

Tuesday, January 14, 2020
10:00 AM to 5:00 PM
Conference Room 2103
Renaissance Tower
801 K Street, Sacramento

NOTICE IS HEREBY GIVEN that the California Water Quality Monitoring Council will meet to discuss strategic planning related to its responsibilities pursuant to California Senate Bill 1070 (Statutes of 2006).

BACKGROUND

The California Water Quality Monitoring Council (Monitoring Council) was established as mandated by [California Senate Bill 1070 \(Statutes of 2006\)](#) which requires the boards, departments and offices within the California Environmental Protection Agency (Cal/EPA) and the Natural Resources Agency to integrate and coordinate their water quality and related ecosystem monitoring, assessment, and reporting.

[Monitoring Council members](#) include representatives from Cal/EPA, the Natural Resources Agency, drinking water, stormwater, publicly owned treatment works, agriculture, citizen monitoring groups, the public, the scientific community, and water supply. The Monitoring Council is also required to consult with the U.S. Environmental Protection Agency, whose representative attends Monitoring Council meetings in a non-voting capacity.

The Monitoring Council develops specific recommendations to improve the coordination and cost-effectiveness of water quality and ecosystem monitoring and assessment; enhances the integration of monitoring data across departments and agencies; and increases public accessibility to monitoring data and assessment information.

The Monitoring Council, in coordination with the State Water Resources Control Board, recommended a "[comprehensive monitoring program strategy](#) that utilizes and expands upon the state's existing statewide, regional, and other monitoring capabilities and describes how the state will develop an integrated monitoring program that will serve all of the state's water quality monitoring needs and address all of the state's waters over time."

MEETING PURPOSE AND DESCRIPTION

The purpose of this meeting is for the Monitoring Council and its active workgroup leads to conduct strategic planning exercises.

DOCUMENT AVAILABILITY

The meeting agenda and related information will be available on the following website:
https://mywaterquality.ca.gov/monitoring_council/meetings/

MEETING ACCESS

There is no web or teleconference access available for this meeting.
